In many of our mental moods the contemplation of Nature brings peace and joy. Her patient ways shame hasty man; her vastnesses calm and elevate his troubled mind; her terrors fill him with awe; her inexplicable and infinite beauties with delight.—*C. W. Eliot.*

Selecting A Vocation

O. H. GREIST

Mr. Greist, former county superintendent of schools, was appointed Secretary of the State Teachers' Retirement Fund, February 1, 1926. He is a graduate of the Central Indiana Normal and has attended Wabash College and Chicago University. He has also served as superintendent of schools at Darlington, Shoals Carlise and Union City. Mr. Greist has taught classes in supervision in the Ball Teachers' College and has been a contributor to The Professional Teacher, The Educator Journal, The School Review and numerous other publications. He is a member of the Knight Templars the Phi Kappa Psi College fraternity, the Indiana Teachers' Association, the Schoolman's Club, the National Society for the Study of Education; and is past president of the Winchester Rotary Club.

SHAKESPEARE said, "Hanging and wiving goes by destiny." Selecting a vocation might well have been added to the list of things largely determined by chance.

Young people usually take up the life calling followed by their parents or drift into the predominant industry of the community in which they are reared. There are some reasons why this is a good thing to happen. The things we know about from childhood are usually best understood, stay longest in mind, and lend themselves most readily to success in dealing with them. However, there are aways a few who do not fit into this scheme of things who should find their life calling away from childhood's scenes, impressions and opportunities.

Selecting a vocation should be done after a careful survey has been made of the requirements and rewards of many callings and some test as to which of them the beginner is best fitted to follow. A superficial examination of a vocation has often led young people into one in which success is impossible for them and the acceptance of that which is nearest at hand has sometimes made them dissatisfied and unhappy all their lives.

One of the best things a school can do for its pupils is to acquaint them with their own powers and capabilities and make them familiar with the world outside their immediate neighborhood.

The school should also set out the advantages of home surroundings and occupations. Many times familiarity breeds contempt and that which is well known is underrated and discarded just because it is familiar. It seems this is especially true of those who live in rural regions. The clean, fresh air, the absence of rush and noise, the wide, open spaces, the presence of grass, trees, flowers and living things, and the open sky with its wonderful sunrises and sunsets are either not noticed or little value is placed upon them. As a matter of fact, they form the basis of happy living and are much desired and sought for even by those whose vocations are not rural. Country clubs and fine suburban homes are evidences of this.

Teachers of vocational agriculture, home making, and health and hygiene are fully as important as any we can employ. Expansion along these lines is the one remaining thing needed to make the Randolph county schools meet all the needs of Randolph county children.

Randolph County

LEE DRIVER

Lee Driver, who served as county superintendent from 1907 to 1919, is now Director of Rural Schools for the Commonwealth of Pennsylvania. He is a graduate of the Indiana Central Normal and has attended Indiana University. He served as a teacher in the county and was principal of Winchester high school. While superintendent Mr. Driver served as chairman of the legislative committee of the State Teachers' Association; vice-president of the Northern Indiana Teachers' Association, and president of the State Association of County Superintendents. He has been a contributor to the leading educational publications and his plan of school consolidation has given the county national recognition. Mr. Driver is a member of the Modern Woodmen, Knights of Pythias and Masonic lodges.

RANDOLPH County is situated near the central part of the eastern boundary of Indiana. It is 447 square miles in area, is almost square in shape, and has a fairly level surface broken only by two small rivers that are easily bridged where necessary. The county has a good system of highways including two state highways which cross the county at right angles. The population of the county in 1920 was 26,484, 59.2 persons to the square mile. Nearly all, 98.3 per cent, of the people are native born of white parentage. It is purely an agricultural county, with only two small cities and very few small towns. The farms constitute 96.7 per cent of the county area, and were valued at approximately $58,000,000.

The county is divided into twelve civil townships, ranging in size from 24 to 74 square miles and in assessed valuation from 3 to 13 miflions of dollars. Each township is a school district and elects a trustee for a term of four years. The trustee of the townships and the chairmen of the school boards of the two incorporated cities in the county constitute a county board of education.

There were originally 131 one-room schools located at the cross-roads and two miles apart. By 1920 only six of the 131 one-room schools remained. There are now twenty consolidated schools and one one-room school. The county ranks second in the movement for the abandonment of one-room schools. This school can not be considered necessary but is retained as a landmark.

Of the twenty consolidated schools now established, sixteen are grade schools and four-year commissioned high schools, and four are consolidated grade schools. Ten of the buildings are in the open country, and the remainder are located in smalltowns.

The school buildings are used for all kinds of legitimate community meetings such as farmers' institutes, community clubs, parent-teachers associations, farmers' clubs, Sunday school conventions, community socials, lecture courses, school plays, and concerts. Most of the commencements are held in the school buildings. These have brought people together who otherwise would have been almost unknown to each other, and whose influence upon the community would have been lost.

Indianapolis,
October 20th, 1914.

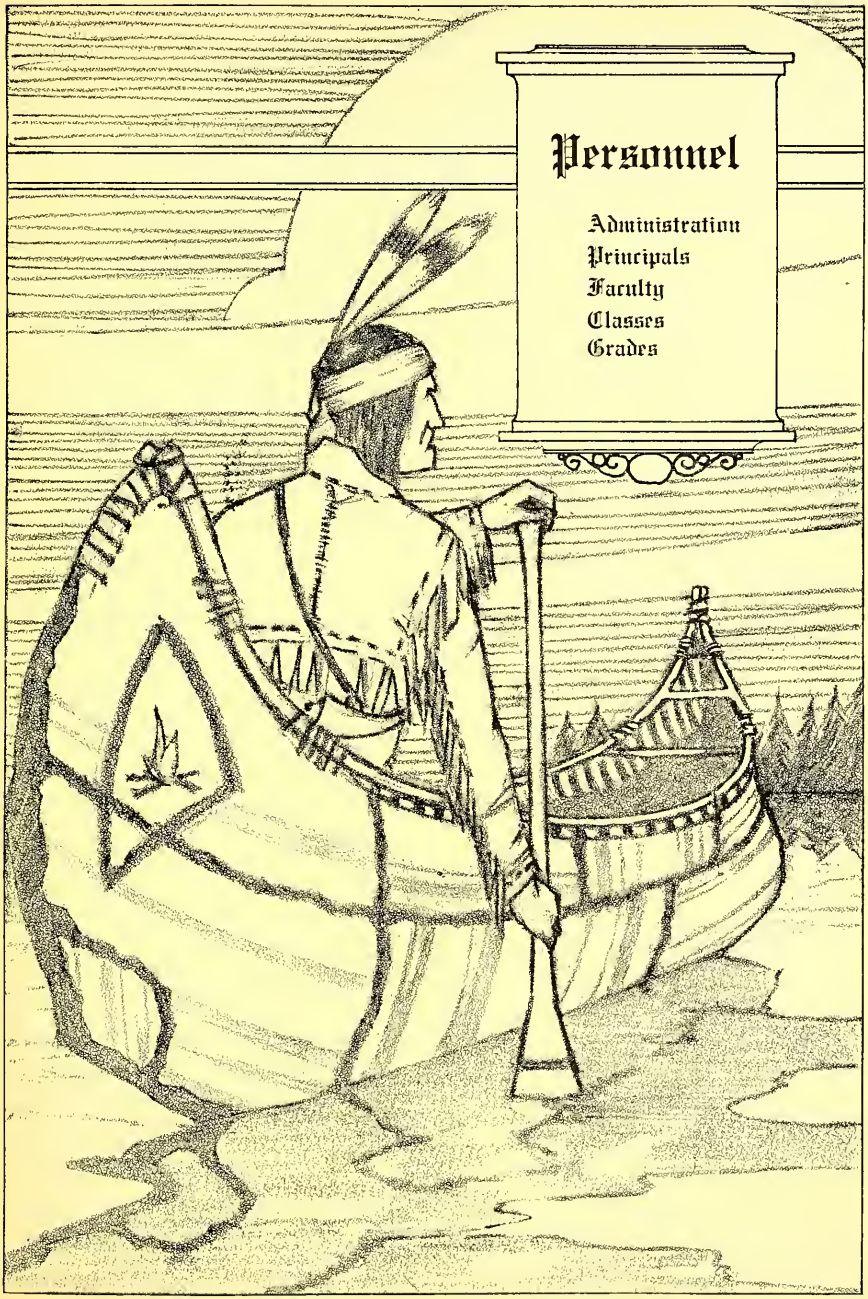

Dear Friends:

My own father went to school in Randolph county, and even taught school there for a short time. One time I found a poem which he wrote near the end of his life about his youth. In it he dwelt on the happiness of his schooldays. And so, I feel near to, and feel interested in the school boys and girls of Randolph county, and send you my affectionate greetings in memory of my father.

Very faithfully yours,

James Whitcomb Riley.

Joy in one's work is the consummate tool without which the work may be done indeed, but without which the work will always be done slowly, clumsily, and without its finest perfection.—*P. Brooks.*

Whatever you are by nature, keep to it; never desert your line of talent. Be what nature intended you for, and you will succeed; be anything else, and you will be ten thousand times worse than nothing. —*Sydney Smith.*

Administration

Superintendent of Schools

THE Act of 1873 creating the County Board of Education, also created the office of county superintendent, to be elected for a term of two years by the township trustees in joint meeting. The duties of the county superintendent differed little from his forerunner, the county examiner, who had since 1861 exercised limited administrative and supervisory powers over the rural school. The county superintendent, like the county examiner before him, was required to examine and license all teachers; to encourage teachers' institutes and associations; to advise trustees as to school equipment; to hear appeals from decisions of trustees; to receive reports from trustees, on the basis of which he himself makes statistical reports to the state superintendent and to the county auditor. Mr. Russell Warren, a native of Randolph County, is the present county superintendent. He was elected in February, 1926, to fill the unexpired term of O. H. Greist, who became secretary of the State Teachers' Retirement Fund Board. In addition to the county superintendent being chief administrator of the county schools, he is assisted by Mrs. Eva C. Leggett, county attendance officer, who is employed by the County Board of Education as full time attendance officer, and Doris Wright, who serves as full time secretary. The general administrative policy of the Randolph county schools radiates from the office of the county superintendent, who now serves a four-year term.

RUSSELL WARREN

MRS. E. C. LEGGETT

County Board of Education

THE County Board of Education was created to assist the township trustee in the management of rural schools. In 1873 the trustees of the several townships, the chairman of the board of trustees of the incorporated towns and cities of the county, and the county superintendent were designated as the county board of education, the duties of which have been from the beginning, chiefly advisory in character. The County Board of Education serves a useful purpose. It is authorized to consider the needs of the schools of the county and to advise in all matters relating to the purchase of school furniture, maps, etc.; to supervise the management and care of the township libraries and to select textbooks, under restriction, for the use of schools of the county. It has lead to more or less uniformity throughout the county with respect to salaries and educational equipment. The board, in a body, select the county superintendent, county attendance officer and the county agent. The entire board including the chairman of the incorporated town boards, meets regularly every January and July. The trustees meet with the county superintendent the first Monday in every month. The personnel of the present board is composed of John Culy, White River; Harry Arthur, Ward; James Frazier, Wayne; Clarence W. Stults, West River; William Swain, Washington; Bert E. Wright, Stoney Creek; Oliver Rawlings, Nettle Creek; Charles Gilbert, Monroe; William Weaver, Jackson; Noral Anderson, Greensfork; Carl Nenstiel, Green; A. B. Wall, Franklin.

Top Row—Noral Anderson, Harry Arthur, John Culy, James Frazier, Charles Gilbert Carl Nenstiel.

Second Row—Oliver Rawlings, Clarence Stults, William Swain, A. B. Wall, William Weaver, Bert Wright.

Warren, Russell — Winchester
County Superintendent
Indiana State Normal, Eastern Division; University of Wisconsin.

Warshler, Clarence A. — Bloomingsport
Principal
Indiana State Normal.

Wiley, William C. — Ridgeville
Principal
Indiana State Normal, Terre Haute; Indiana University.

Principals' Club

THE Randolph County Principals' Club was organized in 1925 under the sponsorship of Superintendent O. H. Greist. Since Mr. Greist's retirement the work of the club has been carried on by his successor, Mr. Russell Warren, superintendent of schools.

Membership in the club is limited to the county superintendent, the principals of the township high schools of Randolph County, and the principals and superintendents of the incorporated schools — Union City and Winchester. The purpose of the club is to foster a friendly feeling among the schools of the county and provide a means to discuss problems which are mutual to all. The chief problems to come before the club for discussion involve topics of administration. The meetings are informal and are held the second Thursday night in every school month. A six o'clock dinner is served to those in attendance, after which informal discussions are held. The programs are varied and concern current problems. Twice a year the club entertains the wives of the principals and superintendents. Also the club entertains neighboring county superintendents and principals.

There is no fixed place of meeting; therefore the club has their meetings in the various schools of the county. Jackson, Modoc, Lynn, Winchester and Union City entertained the club during the year 1926-1927.

The present officers are Russell Warren, president; A. R. Williams, vice-president, and Paul Overman, chairman of the program committee.

Athletics
Basketball
Baseball
Girls' Basketball

The world is a looking-glass, and gives back to every man the reflection of his own face. Frown at it, and it will in turn look sourly upon you. Laugh at it and with it, and it is a jolly kind companion.—*W. M. Thackeray.*

Basketball

Athletic Board

THE Randolph County Athletic and Literary Association was organized in September, 1920. At that meeting the following officers were chosen: O. H. Greist, president; J. D. Sarig, vice-president; H. B. Allen, secretary and treasurer. Earl Sipe and Russell Warren were elected as members of the executive committee.

The purpose of the association was to advance the proper spirit of athletics and literary competition on the part of its members; to uphold the highest standards of sportsmanship and to provide better opportunities for athletic and literary relationship among the schools of Randolph county. The association also meets the expenses of students sent from the county to district and state contests. These expenses are made up by a special assessment on each school which is a member of the association. Some of the winners who are benefited by this are: Discussion, Oratorical, Music Memory, Latin, etc. Each school pays one dollar per year as dues and to this fund is added gate and door receipts from the activities under the control of the association.

The present officers of the association are Russell Clark, president; Jesse Hansell, vice-president; Fred Ruby, secretary-treasurer. Paul Swank and Raleigh Miller are the remaining board members. Mr. Russell Warren, county superintendent, is ex-officio member of the board.

Top Row—Russell Warren, Jesse M. Hansell, Raleigh Miller.
Second Row—J. Russell Clark, Fred Rubey, Paul W. Swank.

Sectional Team

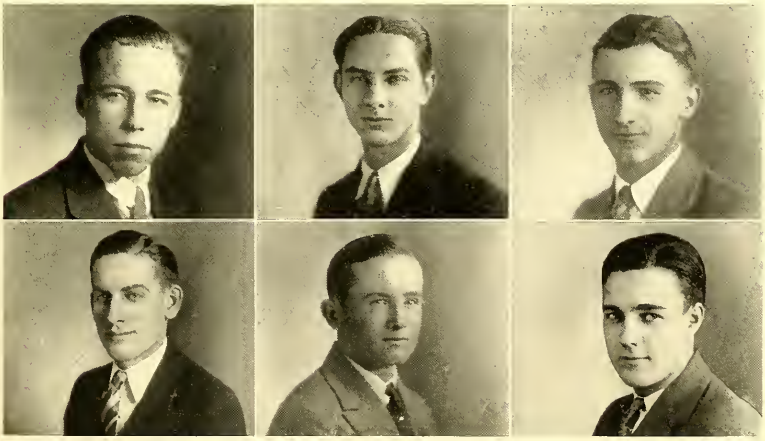

THE township high schools of Randolph county were able to supply six of the eight men selected on the 1926 sectional team. The incorporated town schools of Union City and Winchester furnished the other two men which constituted the 1926 All-Sectional team.

The men, whose pictures appear below, were selected at the close of the 1926 Winchester sectional tournament by the officials in charge. Although no official sectional "honor men" were selected after the 1927 tournament, several county newspapers selected their own all-sectional teams.

Among the eight men chosen in 1926, Strahn of Union City and Young of Winchester, were given forward positions. All other positions were filled by township high school men. Cecil Medler of Stoney Creek, was selected as a running-mate with Strahn and Young. Center position was filled by Tom Stone, giant center and member of the victorious Ridgeville quintet, and Max Warren of Saratoga. Guard positions were given to Lawrence Mills of Green. John Harlan of McKinley, and Herman Hardwick of Ridgeville.

Contrary to a previous announcement, no player was selected for displaying the best "mental attitude." The officials refused to make this distinction, stating that all players exhibited splendid attitudes and such action would be doing an injustice to a score or more of players.

Top Row—John Harlan, Tom Stone, Cecil Medler.
Second Row—Max Warren, Lawrence Mills, Herman Hardwick.

JAMES H. BARKER

Coach

James H. Barker graduated from Modoc high school in 1921. He attended DePauw University in '21 and '22, and has since attended Muncie Normal, where he will graduate in 1927. During the past year he has had charge of the Losantville baseball and basketball teams, which have been very sucessful, under his coaching; the baseball team won the county championship and were awarded the Wilson trophy. The basketball team was also quite succesful, winning seventeen out of nineteen regular scheduled games.

Losantville

The Losantville High School basketball team made rather a spectacular showing in the season of 1926-27. Out of nineteen scheduled games, seventeen were won. The team was undefeated until the Hagerstown tournament. The red and white warriors were defeated by Hagerstown in the tourney there, and at Parker by Union City, winners of the respective tournaments. Two weeks prior to the county meet Losantville defeated Winchester 28-26. The team won from Winchester in an overtime game at the county tournament. Thirteen points were made during the overtime. They also defeated Saratoga in an overtime game. They then met Stoney Creek in the semi-finals and were defeated by two points. Losantville staged a great comeback in that game, but Stoney had piled up too great a lead in the early part of the game. Though several of this year's squad will graduate this spring, we are expecting to have fully as good a team next season.

Standing—Kelsel Cromis, Herman Lester, Welcome Halstead, P. J. Swank, J. H. Barker, Frank Golliher, Clarence Crouse.

Sitting—Robert Linton, Eugene Engle, Ira Brown, Haskel H. Halstead, Sharron Burrows.

Jefferson

The basketball season for the Jefferson high school five was one of the best in the annals of the school. The team won more than fifty per cent of their scheduled games and made a good showing in the sectional tournament at Winchester. In this encounter the team defeated Spartanburg quintet in the first round of play but was defeated in the second round by Stoney Creek. In the Jackson invitational tourney at Union City, Jefferson won its way to the finals by defeating McKinley and Saratoga. In the final game Jackson forged ahead in the last few minutes of play and defeated the locals by a margin of four points. Noble Warstler is the only player who will be lost to the team by graduation. With practically the entire squad in school next year, a great season should be in store. In addition to this the school will have back of it a good community spirit which seemed to be prevalent in all their athletic endeavors during 1926-27 basketball season.

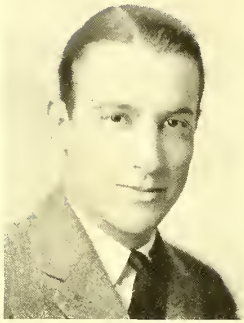

LESTER J. STEVENS
Coach

Lester J. Stevens received his A. B. degree from Hanover College 1926. While in college, he participated in athletics, his chief athletic interests were in basketball, track and baseball. During the four years in college, he played basketball, two years of which were with the college team and two years with independent teams. Mr. Stevens came to Jefferson in the fall of 1926 as a teacher. His basketball teams during the seasons of '26 and '27 has shown Mr. Steven's ability as a coach.

Standing—Louie Grow, Byron Snyder, L. H. Munzenmayer (Manager), Merritt Becks, L. J. Stevens (Coach), Theurl Bisel, Jesse Cox.
Sitting—Robert Romack, Loren Furrow, Marvel Nickey, Royce Nickey, Noble Warstler.

Saratoga

GEORGE OSTHEIMER

Coach

George Ostheimer came to Saratoga from Indianapolis in the fall of 1924. He received his training at Butler College and has had experience as both a player and official. In his three years as coach at Saratoga he has produced creditable teams, even though handicapped by inadequate facilities. During this time he has displayed good spirit in all athletic endeavors which has been an essential factor in making a successful athletic record.

During the 1926-'27 basketball season the Saratoga team made a successful record by winning eleven of twenty-one games, including tournament games. Being handicapped by a lack of athletic facilities in the early part of the season, the team was unable to make an impressive record, but after the present building was completed and occupied, the squad was offered greater opportunities in practice. The last four weeks of the season was spent on the home court both in practice and scheduled games. The team improved at a rapid rate and in the sectional tourney was able to make a better showing than season's scores indicated. Next year's team will be minus the services of four men: Charles Miller, Richard Fields, Keith Rex and Carl Arthur. These vacancies will be filled by men from the reserve squad. The reserves held a proud record by winning five of eight scheduled games. The three games lost were only by a two point margin each.

Standing—Clarence Sipe, J. M. Hansell (Manager), Richard Fields, Robert Harmon, Max Tanner, George Ostheimer, Don Simmons.
Sitting—Keith Rex, Carl Arthur, Gordon Smiley, Paul Davis, Chas. Miller (Catpain).

Parker

This year's basketball season opened with much enthusiasm; the majority of the boys in high school turning out for the team. Having full advantage of a modern gymnasium, the team proved to be one of the best the school ever produced. After losing three of the varsity of '25 and '26, Coach Sipe, with the assistance of Mr. McCullough, developed a strong five. Mr. Sipe selected for the squad, Marshall, Thornburg, Larkin and Hutson as forwards; M. Marshall and Walker, centers; Murphey, Jones and Cockerill, floor guards; Riker, Wood and R. Cockerill, back guards. This squad won twelve of the nineteen scheduled games. The team was also favored throughout the entire season with the hearty support of the community, showing clearly the advantage of combining school and community interests. Four regular players will be lost by graduation but with a large squad coming on the team next year should be a good one.

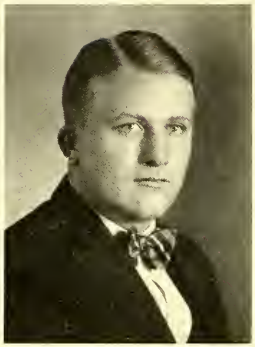

EARL SIPE
Coach

Earl Sipe graduated from Saratoga High School and received his training at the Indiana State Normal. He has been with us four seasons, coming here after successfully piloting the Huntsville team. These past four years he has brought Parker into the limelight. Team work reflects credit upon him, who gave his best to put Parker up the ladder. Although he never produced any world beating teams, he made a good showing with the material available for a team.

Standing—Howard Jones, Emery Wood, Howard Thornburg, Russell Cockerill, Earl Sipe (Coach), Howard Huston, Estel Cockerill.

Sitting—Merritt Marshall, Robert Riker, Merrell Marshall, George Murphy, Birch Larkin.

GERALD FRENCH
Coach

Although this is Gerald French's first year as a basbetball coach, he has made a good showing under adverse conditions. The lack of a gymnasium and adequate equipment naturally deterred the work but Mr. French "kept smiling" and produced a very creditable team. While in attendance at the Ball Teacher's College, Mr. French participated in athletics. During the two years, 1924-1925, he was a member of the football squad. Mr. French has proven that he is capable of this position.

Green

The basketball season of 1926-27 was a marked success even though the team was hampered by the lack of a gymnasium. Success marked but five games but the fighting spirit and genuine sportmanship of the team was shown in each game. Coach French was one of the principal factors in the success of the team throughout the season. Captain Howard St. John was a player of no mean ability. Lawrence Mills, another "flashy" player, held down a post at forward. Although hampered by his size, Wagner, at center, showed a splendid fighting spirit. Arthur St. John played a steady game floor guard throughout the winter. Rex Smithson supplied plenty of grit and "fight" at his defensive post. Henry Garringer, another power at the defensive position, showed quite a bit of ability. Hallie Barkman, a first year man, gives promise of making a fine guard. Robert Smithson has developed into an excellent forward. The majority of the members of the team will be lost by graduation.

Standing—Craigmile, Herschell Stilwell, Hallie Barkman, Robert Smithson, Henry Garringer, Gail Seidner, Gerald French (Coach).
Sitting—Arthur St. John, Earnest Wagner, Rex Smithson, Lawrence Mills, Howard St. John.

Jackson

The close of the 1927 season leaves the team with many happy memories. The schedule reveals 14 games won out of 21 played, including the victory of an invitational tourney held at Union City. Jackson High School loses four players by graduation. Captain Wilbur Teegarden will be remembered by his teammates as an all round floor worker. Charles Jessup leaves his record as high point man and as a fast offensive player on the right side. The fans and players know Ronald De Bolt as the player who can take plenty of hard knocks and get up smiling. Robert Sullivan's sunny personality will be greatly missed by the team next year. The season of 1927 and '28 will find Homer Reish dribbling down the center of the floor, while Ernal Marsh will expect to get the pass to the corner. George Warshler and Clarence Jessup will defend Jackson's name. Each player has represented the Jackson school with loyalty and clean sportsmanship.

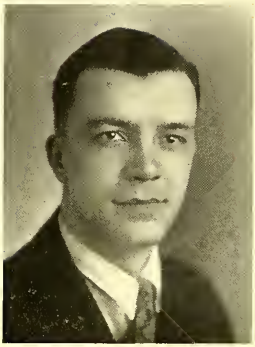

O. D. BEESON
Coach

Mr. O. D. Beeson came to Jackson as coach in the fall of 1926 from Richmond. His policy of coaching brought his team through the basketball season with a record of winning fourteen games and losing seven, including the Union City Invitational Tourney. Mr. Beeson has taught these boys several things that they should always remember, to be obedient, to control their temper, to have courage, and be loyal to their school. Surely they will appreciate this training that Mr. Beeson gave them.

Standing—O. D. Beeson (Coach), Gerald Jessup, Kenneth Sipe, Lowell Flory, Stanley Porter, Robert Sullivan, George Warstler, Ermal Marsh, F. P. Rubey, (Principal)
Sitting—Clarence Jessup, Homer Reish, Wilbur Teegarden, Charles Jesup, Ronald DeBolt.

THEODORE SEDGWICK
Coach

Mr. Sedgwick became coach of the Huntsville team this season. He was formerly coach of the famous Stoney Creek five, which was three times champions of Randolph county. Mr. Sedgwick received his training at Purdue University and the Indiana State Normal. Huntsville was delighted to hear of his coming and with the material available, be whipped up a team which won fifty per cent of its games. Prospects for the coming season are very bright and it is hoped that Mr. Sedgwick will again pilot the team.

Huntsville

The Huntsville basketball squad started the season by winning its first game against Cadiz by a score of 9 to 17. The next was with Economy who had an easy victory over the Huntsville five. Huntsville played eighteen games with schools in and just outside the county and were invited to play in an invitational tourney at Union City. We played Lynn and were defeated. The Huntsville five came through the season with fifty per cent of their scheduled games won. Huntsville played McKinley in the first game of the sectional tourney and won a hard fought game by a score of 28 to 30. The next game was with Ridgeville, the score at the half being 7 to 15 in Huntsville's favor. It looked as though the dope bucket was going to be upset but the great difference in size of the centers caused Ridgeville to forge ahead and win the game 20 to 31. Since practically all members of the team will be in school next year, prospects for a good season are very favorable.

Standing—Howard Moore, David Hutchens, Theodore Sedgwick (Coach), Macy Gordon, Samuel Possee, Principal; Allen Conyers, James Addington.
Sitting—Paul Hinshaw, Johnny Stevenson, Louis Moore, Forest Shaffer, Dale Gard.

Modoc

The past season of basketball for Modoc was not as successful as it might have been. Although the team made a good showing considering its handicaps. As Modoc has no gymnasium it was very unhandy to travel fourteen miles, twice a week to practice. Although the team lost the majority of its games, the members have always tried to use a good brand of sportsmanship. In the sectional tournament the team lost its first game to the fast Jackson five. Coach Alexander has worked hard to develop the right kind of basketball in the Modoc school and from all reports only that type of basbetball is worth while. The prospects for the coming year seem very favorable as only one member will be lost. The members of the team appreciate very much the good sportsmanship that has been shown by their opponents during the past year, and they also wish their opponents the best of luck. A good schedule is being made for the team next year.

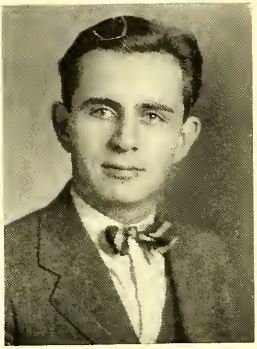

ARTHUR ALEXANDER
Coach

Mr. Alexander's training was received at Indiana University and Indiana State Normal which included the coaching of baseball, track, football, and basketball. He has had eight years of experience in the schools of Indiana and one year as physical director for the "602" Engineers while in France. The schools coached include Thorntown, Castleton, Gaston, Center, Ridgeville and Pendleton. The most successful teams were Castleton, Center, Ridgeville, Gaston. This year is Mr. Alexander's first year as coach of the Modoc team.

Standing—Gordon Jordan, Charles Wright, Virgil Hodson, Fred Wright, Arthur Alexander.
Sitting—Clifford Hardwick, Burl Merrill, Albert Swain, Roger Cox, Robert Jones.

CHARLES N. BOWEN
Coach

Charles N. Bowen graduated from Spartanburg High School. Immediately after his graduation he enrolled in the Indiana State Normal at Muncie, where he received his training which enabled him to become a coach. In the late fall of 1926, his sixth year as a teacher in the Spartanburg school he received his appointment as coach of the high school team. After his appointment the Spartanburg team began winning steadily; this, however, was brought to an abrupt close when injuries befell the team.

Spartanburg

The 1926-'27 basketball season for Spartanburg was a series of misfortunes. Until the holidays the team was making a very good showing, but after that time luck seemed to be against the team. Paul Hill, back guard on the regular five, was lost for the remainder of the season. About a month before the sectional tournament, two more players were lost to the team for a a short time. Green, star center for the squad, was injured, and was barely able to participate in the tournament. Although the team lost its first game in the tourney, nothing more could have been expected with so many adverse conditions during the season. Nevertheless fans are anticipating a good season next year because the entire squad will remain in school. The community as a whole has been giving good support in all athletic enterprises. The basketball team went to the finals in the sectional high school tournament at Winchester in 1925. They were defeated by the Stoney Creek five.

Standing—Melvin Cadwalleder, Howard Taylor, Thomas Baker, Guy Rohm, Carl Anderson, Dillard Davis,.
Sitting—Hubert Hough, Paul Hill, Wallace Greene, Lester Brown, Harold Freeman.

McKinley

The fact that McKinley lost its entire squad this year made the problem of building up a winning combination a difficult one for Coach Myers. Out of new material, hard work and patient endeavor, Mr. Myers has produced a team that has made a very creditable showing. The team made a good showing even though the majority of the scores do not indicate it. This year McKinley faced a condition which all schools meet at some period in basketball history—that problem of starting a season with a new and inexperienced team. With these things before them, Mr. Myers and team should be commended for their showing. In last year's season the team ranked with the best in the county, losing to the sectional winners by a narrow margin of one point. Since the team is practically all underclassmen, the outlook for next year is good. Since the beginning of athletics at McKinley, community spirit has been commendable each year.

GLEN MYERS

Coach

Glen Myers came to McKinley three years ago. He received his training at the Ball Teachers' College, Muncie, Indiana. The first year at McKinley was the school's first year in inter-scholastic athletics and a very creditable team was produced. The second year Mr. Myers produced one of the best teams in the county. The team lost in the sectional winners by the narrow margin of one point. Mr. Myers' ability and personality have been the chief factors in his success as coach.

Standing—Everett Bowers, George Harris, Glen Myers (Coach), John Hoggatt, Willis Hiatt, Donald Snyder.
Sitting—Andrew Snell, Ashael Banning, Emerson Butts, Wallace Cox, Lester Harlan.

FRED E. WHITE
Coach

Mr. White graduated from high school then completed a four year course in the Indiana State Normal School, Terre Haute, 1926. Mr. White, himself a player, coached a team in the Sunday School League of Terre Haute before coming to Farmland. He shared with the team the success of 1926-1927 basket ball season as coach in the high school. Credit is due him for the success of the season along with the boys, who composed the team.

Farmland

Four years ago Farmland started one of the best teams the school had ever known, with Parks and Gooden forwards, Ruble center, and McIntyre floor guard, Pursley holding the back guard position. These boys won their first six games; then Parks and McIntyre withdrew and the team was greatly weakened. This year all boys graduated except Pursley. The next year the team won one game during the year. The next year the team was strengthened and won seven games of the regular schedule. This year the team has the same line-up as last except Snyder, with Daugherty and Luellen forwards, Garringer center, and Hiatt floor guard, and Burnworth back guard. Luellen are the only regular players who graduate and one sub., Edwards, who has been with the team four years, has been captain of the second team for three years. The team has had better support from the town this year and won 11 out of 21 games.

Standing—Roger Cox, John Edwards, Thomas Gilbert, Fred E. White (Coach), Daryl Stump, Lawrence Daugherty.
Sitting—Delbert Hiatt, John Burnworth, John Smithson, Dennis Luellen, Floyd Garringer.

Ridgeville

At the close of a successful season the Ridgeville basketeers have turned in ten wins and ten losses. Captain Jackson leads the scoring with fifty-six field goals and nine foul pitches. Mendenhall follows closely with forty-five field goals and nineteen foul pitches, while Walker is close on his heels with the forty-eight field goals and seven foul pitches. Stone hit the hoops for twenty-two field goals and ten foul tosses; Compton, twenty-eight field goals and nine foul pitches; Main, nine field goals, six foul pitches; and Freeman six field goals. Ridgeville has totaled 552 points as against a total of 448 points by their opponents. The team went to the semi-finals in the sectional tournament this year. They were downed by Union City 23 to 19, and previous to this game, they downed Parker and Huntsville in order named. Although Captain Jackson and Tom Stone will graduate this year, the team will be strengthened by the services of those who composed this year's second team.

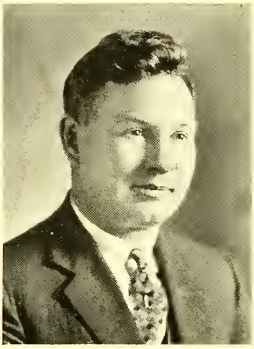

HAROLD PETTYJOHN

Coach

Harold Pettyjohn is a graduate of Ridgeville High School and Ball Teacher's College. As a high school student, he played on the famous team that beat Muncie and reached the finals at Indianapolis. At the Indiana State Normal, he made his letter in three sports—football, basketball and track. He has coached Ridgeville athletics for the past two years. In 1926, his team won the sectional, and this year it went to the semi-finals.

Standing—Harold Pettyjohn, (Coach), Edwin Rust, Don Schlotzhauer, Orville Freeman, Gail Main, Hilbert Rogers.
Sitting—Tom Stone, Edwin Mendenhall, Roscoe Jackson, Max Compton, Merritt Walker.

DALE FERGUSON

Coach

D. J. Ferguson, coach of the Lynn high school received his early training in athletics in the high school at Ossian, Indiana, where he took part in all athletics for four years. He attended Winona and Central Normal Colleges where he won letters in baseball and basketball. He was captain of the baseball team two years. He has had a regular coaching course in a school for coaching and twelve years experience as a coach.

Lynn

Due to the fact that they had no gymnasium, Lynn had been without a basketball team for a number of years, but this year, D. J. Ferguson assumed the principalship and started basketball again. Not a boy in school had played basketball before, and it was necessary to go to Spartanburg to practice and play games, but in spite of these handicaps, the first team played 16 games and won 4, the second team played 9 games and won 7. We are proud of this record, and since we will have most of these boys next year, we hope for a better season. We have had a poor season, yet it has been a valuable one in a way: it has taught us there is such a thing as honor in defeat and still show good sportsmanship. Thus one of the great purposes of competition has been attained. Lynn took part in the Wayne-Jackson Invitational tourney at Union City and won its first game. In the sectional tourney Lynn was sent to the Richmond sectional and there won its first game.

Standing—Russell Martin, Howard Fetters, Horace Harris, Walter Hinshaw, Dale Ferguson (Coach), Basil Hill.
Sitting—Russell Albertson, Virgil Clark, Gerald Defibaugh, George Bascom, William Harrison.

Wayne

The 1926-1927 basketball team of Wayne high school did not have a very favorable season. The team is greatly handicapped in not having a place to practice, as Wayne has no gymnasium. The fighting spirit and the true sportsmanship of the Wayne team was up to standard. The team showed that it could lose with a smile, as well as win. The team will lose Wilbur Meek, Everett Hinshaw and Grant Bradford by graduation. Wilbur was a fine passer with a splendid basket eye. Everett was a stone wall in defense. Grant was a very capable substitute. With several experienced men back the outlook for another year seems to be very promising. The gymnasium at Union City has been secured and a good schedule is being arranged. With plenty of good hard work on the part of the old players and several likely looking newcomers from our own school and from the Wilson school, next season's record should show up much better than that of this year.

PAUL W. OVERMAN
Coach

Paul W. Overman, coach of Wayne high school basketball team for the year 1926-27 was graduated from Knightstown high school. He attended Indiana University and received his A. B. degree from that institution. He taught at Acton, Frankton, Williams, Gaston and Royerton high schools. In 1918 he became principal of the Straughn high school where he remained until 1924, when he came to Wayne as principal. Handicapped by being without a gymnasium his team made a good showing.

Standing—Rhueben Powell, Ronald Sipe, Ford Stidham, P. W. Overman (Coach), Grant Bradford, Elmer Wasson.
Sitting—Wilbur Meek, Floyd Harshman, Ernest Simmons, Everett Hinshaw, Guy Williamson.

Stoney Creek

THE Stoney Creek basketball team has held up Stoney Creek's standard of sportsmanship this season, 1926-'27. The fact that the majority of the players are underclassmen speaks well for the athletic future. The team played nineteen games and was victorious in fifteen, losing to Spartanburg, Union City, Hagerstown and Richmond. The scores total 725 points for Stoney Creek against 561 for the opposing teams.

Stoney Creek won the Selma Invitational tournamnt, in which it played the best Delaware county teams. In the sectional tournament Farmland was first defeated with the score of 46-25. Stoney then played Jefferson, the score 38-23. Losantville was downed in the semi-finals, 26-24. Union City and Stoney Creek met in the final game when Union City was victorious 30-17.

Stoney Creek has always maintained a good record in basketball activities. In 1916-'17, before the local sectional tourney, the team went to Richmond where it lost its first game. The second year it went to Muncie and also lost its first game. The third year the team played in the first sectional at Winchester. In the fourth year it lost to Bedford at Bloomington and the fifth year was defeated by Losantville in the final game. In the sixth and seventh years Stoney Creek won the local sectional tourney.

Standing—Raleigh Miller (Manager), Howard Townsend, Lester McNees, Wallace Clayton, Gerald Downing, Alvie Medler, Paul Weaver (Coach).
Sitting—Arthur Rinard, Kenneth Fletcher, Carlos Medler, John King, Chauncey Oren.

Baseball

Losantville

THE Losantville High School baseball team swept over Randolph county in a series of victories in the fall of 1926. The team, having defeated Wayne in the final game at Mills Lake, October 19th, was presented a silver loving cup by the County Superintendent of Schools and declared the champions of Randolph county. All former records were broken for Losantville was the first school to win the county championship, in this line of athletics, two successive years.

School spirit was maintained throughout the entire season and was backed by the interest and support of the community. Much honor is due to Mr. Swank and Mr. Barker for their success in managing the team.

The team consisted of Ira Brown, catcher; Clarence Crouse, pitcher; Frank Golliher, first baseman; Haskell Halstead, second baseman; Sharron Burrows, third baseman; Eugene Engle, short stop; Kelsel Cromis, right fielder; Welcome Halstead, center fielder; and James Rawlings, left fielder. Some of the members of the team will graduate this year but it is hoped that others will come to he front and take their places.

The Losantville team played a total of six games during the season. In all these encounters they were undefeated.

Standing—Kelsel Cromis, Harvey Blanche, Eugene Engle, P. J. Swank J. H. Barker, Welcome Halstead, Thomas Conner.
Sitting—Rawlings, Sharron Burrows, Ira Brown, Frank Golliher, Haskel Halstead, Clarence Crouse.

Wayne

THE Wayne High School baseball team had a favorable season in the fall of 1926. We are greatly indebted for the wonderful showing of our team to our coach, Mr. Noffsinger, who put forth great effort to produce a winning team. Wayne won the championship of the east side of the county and then met Losantville, the winners of the west side for the county championship. In this game we were defeated by the score of 3 to 2.

The team consisted of Floyd Harshman, catcher; Everett Hinshaw, pitcher; Guy Williamson, first base; Ford Stidham, second base; Dwight Sadgebury, third base; Emette Welsh, shortstop; Robert Whitsel, right field; Wilbur Meek, center field; Reuben Powell, left field. Grant Bradford, Merrill Cox, Marcell Thornburg ad Ernest Simmons were substitutes with ability.

The team will lose Everette Hinshaw, Wilbur Meek and Grant Bradford by graduation. Everett is a fine hurler and his place will be hard to fill. Wilbur will also be missed in bringing down the long drives to center field. However, it is hoped that with Dwight Sadgebury's fine ability as a hurler and with the help of others, the boys will be able to bring the championship to Wayne next fall.

Standing—Rhuben Powell, Guy Williamson, F. R. Noffsinger, William Meek, Dwight Sadgebury, Paul W. Overman, Merrill Cox, Harold Whitesel.
Sitting—Emmett Welch, Floyd Harshman, Everett Hinshaw, Ford Stidham, Robert Whitesel

Jackson

THE Jackson baseball team was largely composed of Juniors and Seniors in the fall of '26. Mr. Beeson, the coach, was very successful in training the Jackson boys for their game.

The Jackson team won their first game from the Jefferson team with a score of 13 to 1. The second game with Spartanburg resulted in a tie game 7 to 7. The tie game, which was played off at Wayne, resulted in a victory for Jackson with a score of 7 to 6. The Jackson team was defeated in their third game, 3 to 2. Saratoga forfeited her game 2 to 0.

Robert Sullivan was a star as first baseman; Homer Reish filled the second base position; Gerald Jessup showed his ability as catcher; George Washler was shortstop; Wilbur Teegarden was third baseman; Ronald DeBolt played right field, with Kenneth Sipe at left field and Adolph Rosenbush at center field. Charles Jessup, captain of the team, and an all around player, pitched and played as was needed. The coming year's team will be weakened by the loss of this year's men. There are six who graduate, namely, Reish, Teegarden, DeBolt, Sipe, C. Jessup and Sullivan. Usually all athletic events of this school are successful as the participants are eager to secure all honors they can. It shows a good spirit both among the individuals and in the school.

Standing—F. P. Rubey, Manager; Ronald DeBolt, George Washler, Adolph Rosenbush, Gerald Jessup, O. D. Beeson (Coach).
Sitting—Robert Sullivan, Charles Jessup, William Teegarden, Homer Reish, Kenneth Sipe, Clarence Jessup.

Spartanburg

IN the spring of the year 1926, only one important game was played, Spartanburg against Whitewater, which we won. Leroy Chenoweth was then the pitcher and Albert Brown the catcher of the team. These two players graduated in '26 and the lineup for the fall of the year was: Hubert Hough, catcher; Williams Green, pitcher; Paul Hill, first baseman; Russell Brown, second baseman; Melvin Cadwallader, shortstop; Howard Taylor, third baseman; Carl Anderson, left field; Harold Freeman, center field; Marvin Morgan, right field.

The Spartanburg community, as a whole, having a good attitude toward athletics, would naturally support school athletics. Although the Spartanburg high school is the only institution in the community in which athletics are sponsored, it is sufficient to satisfy the needs of the community. Spartanburg never caused great commotion, nor set the world on fire in athletics, but the baseball team played in the county championship games in 1921-23 and '24.

Standing—Bowen, Hill, Lacey, Manning, Morgan, Durbin, Taylor, Rohm.
Middle Row—Hough, R. Brown, Moore, Summers, F. Brown.
Sitting—Freeman, Anderson, Greene, Cadwallader.

Modoc

THE Baseball Team of the Modoc High School played a rather successful season, having won three of the four games scheduled. It was necessary to play three games with one team having tied the score twice.

Roger Cox kept within the bounds of the pitchers box; Albert Swain, the champion catcher managed to stay behind the mask most of the time; Clifford Hardwick played first base; Robert Jones, second; Virgil Hodson, third; Fred Wright, shortstop; Alta Lumpkin, Harold Rich, and Charles Wright, outfielders. Hanford Seagrave substitute in the outfield.

The team is expecting another good year this next season as they will lose only one man, Swain, who graduates.

Modoc 9, Stoney Creek 1; Modoc 12, Green 3; Modoc 1, Parker 5; Modoc 5, Huntsville 3. In each game, whether it was a victory or loss, the team adhered to the spirit of true sportsmanship, the characteristic history of the Modoc school. The prospects for the future are very bright and from all indications a winning team will be produced next season.

Standing—Fred Wright, Charles Wright, Wallace Lumpkin, Albert Hunt Arthur Alexander (Coach), Alta Lumpkin, Harold Rich, Hanford Seagraves, Robert Jones.
Sitting—Virgil Hodson, Albert Swain, Roger Cox, Clifford Hardwick.

McKinley

BASEBALL has always been one of the major sports of the McKinley High School. It is very likely that if a vote were taken baseball would be found the most popular sport, as we feel it should be. It is one game which is strictly American and we regret that it is becoming less popular in Indiana high schools.

We have never had the champion team but we usually have a fair team. This season we were crippled somewhat by the loss of men by graduation and the inclement weather which prevented practicing. As we lose no men this year and we have a very promising pitcher, for the first time in several years we have high hopes of a champion team.

The high flies some of our players palmed and the way they swat the ball when they were at bat reveals that they are tugging and trying to fight their way to victory which we are nearly certain they can do if they get practice and go into it again in 1927.

We wish to congratulate the players upon the fine sportsmanship shown at all times. We are sure that they did their best to bring McKinley to the front in baseball. The fight they put in the game, the way they pulled together, and the good-humored way they took defeat makes us have a very bright outlook for the 1927 baseball season.

Standing—Hugh Edwards, Lester Hinshaw, Glen Meyers, (Coach), Byron Johnson, Herman Stump, Everett Bowers.
Sitting—Lester Harlan, Wallace Cox, Andrew Snell, George Harris, Emerson Butts.

Parker

THE Parker High School baseball team, although handicapped by the loss of four of its 1925 snappy infielders, forged through to a season of success under the leadership of Coach Earl Sipe.

With Walker in the box and Riker behind the "pan" the team was like a great machine running at full speed. Murphy, the tall first baseman was good at picking up "grounders" but he was almost surpassed by Jones at third and E. Cockerill at short-stop. Thornburg, the husky second baseman, was also good on "grounders" but was noted for getting Riker's high throws at second. As no team can get along without outfielders, we must also praise Hutson at center field, R. Cockerill at right field and Gable at left field, for their grandstand catches and ability to handle the bating stick. Much honor must also be given to Heniser, Wood and Mendenhall, always ready to take their comrades place in time of need.

Coach Sipe had practically new material, but he showed his superior coaching ability by being with the boys, and showing them the points in making a successful team. The boys in turn showed their respect to Mr. Sipe by being on the job nearly every practice night.

Standing—Robert Heniser, Howard Jones, Emery Wood Earl Sipe, (Coach), Harold Walker, Harry Mendenhall, Howard Hutson, Otho Gable.
Sitting—Estel Cockrill, Howard Thornburg, George Murphy, Robert Riker, Russell Cockrill.

Girls' Basketball

Spartanburg

THE Spartanburg girls' basketball team of the season of 1926-'27 was glad to have the same coach this year that they have had ever since a girl's team was organized here.

The lineup for this season was: Geraldine Thompson, center; Myrtle Welch, rear center; Florence Burg, forward; Hazel Clark, forward; Mary Summers, guard; Marietta Abner, guard; Edna Burkhardt, guard; Bernice Conning, center; Josie Chenoweth, forward; Ruth O'Dell, forward; Rheba Horner, guard.

Clark led by making 116 points of the 214 points scored on the Spartanburg team while Burg made 98.

An invitational tourney was held at Winchester during the latter part of February. Spartanburg girls played the fastest game against the Winchester girls of the whole season. The S. H. S. girls led during the first half of the game and even during the first quarter of the last half, then the Winchester girls got together in the last fight and won, going from that game on the to finals of the tourney which they won. Let us hope for better luck next year.

Standing—Bernice Conning, Myrtle Welch, Ivy Bowen (Coach), Josie Chenoweth, Rheba Horner.
Sitting—Mary Summers, Hazel Clark, Geraldine Thompson, Florence Burg, Edna Burkhardt.

McKinley

FOUR years ago a physical education class was organized by Miss Doris Hutcheus and from this the Girls' Basketball team grew. The team did very well this year, winning a large per cent of the games played. Most all of the girls were graduate this year leaving only one regular for the next year.

The team of 1924-'25, starting with only one regular, and due to lack of experience from the others, did not do so well, but they were all interested and a team was soon produced.

The year 1925-'26 witnessed a few changes in the team having for their coach this year, Mr. Myers. Through his great efforts the girls team was improved and did remarkably well. Although they did lose some games they did not lose hope. All except three players of the team were graduated this year. Through the helpful efforts of Miss Bales and Miss Kabel the girls' team was made possible.

This year's team started with the three regulars but did not do so well because of the lack of experienced players and other difficulties.

It has not been all work and no play, for they have enjoyed playing. They appreciate the efforts that their coach and advisor have given to make their team a success.

Standing—Grace Elliott, Mary Bray, Helen Wall, Martha Barnes, Margaret Thornburg.
Sitting—Gladys Bragg, Isabelle Grubbs, Elizabeth Kircher, Mildred Cox, Eva Pingry.

Huntsville

THE Huntsville girls' basketball team started with their six fast players, including the captain, Gretchen Piner, Dorothy Botkin, Vita Leeka, Charlotte Sharp, Doris Leeka, and Helen Cougill, and three prospective subs, Mary C. Bly, Lucile Freeman and Hazel Hodson. We had wonderful success playing six games before Christmas, winning five interesting games and losing one hard and even fought battle. After Christmas two of our subs, Mary C. Bly and Lucile Freeman, drew away from the team, and Anna Addington and Helen Leeka were added to finish and play the places of our other two girls. Although we missed the two girls who left, we appreciated the ones who took their places, and we played five victorious games in succession. The most interesting game of the season was the game with Jefferson, which we won, Huntsville being in the lead throughout the game, which ended with a score of 22 to 15.

On the 19th of February the girls' tourney took place at Winchester and we lost to Jefferson. This ends the basketball season of 1927, and we leave our ability for success to the future teams of Huntsville.

Standing—Lucille Freeman, Charlotte Sharp, Gladys McGlynn (Coach), Hazel Hodson, Mary Catherine Bly.
Sitting—Dorothy Botkin, Gretchen Piner, Vita Leeka, Helen Cougill, Doris Leeka.

Jefferson

IN the last few years the girls' basketball team has played remarkably well. Last year they suffered defeat in only one game, but this year, due to the loss of the center and side center, lost four games. Three of them were with Portland, while the other was with Huntsville. Although the girls considered their losses great, they accepted them like good sports. On March 19, the girls took part in an Invitational Tournament at Winchester. In the forenoon Green was defeated by Portland, and Huntsville was defeated by Jefferson; thus the girls were scheduled to play Portland in the afternoon. They played a twice overtime game and were defeated by a score of 26-25.

The coach of the basketball team this year has been Lester Stephens, who has proved himself capable of handling the girls in such a way as to promote both skill and good sportsmanship. Both are necessary for an efficient basketball team. Although the girls have played hard, they do not consider their time and energy wasted. They have developed both physical and moral strength. When they go to a game now, they can enjoy the game, because they know the rules. They have the experience of playing, which they will remember in future years. They have made friendships with other girls and have learned to co-operate. They value all these, but the greatest thing they have learned and will value most is the game for the game, and nothing but the game.

Standing—Juanita Orcutt, Mildred Furrow, Lucille Myers, Lester Stevens (Coach), Fern Collins, Fae Jessup, Dorothy O'Brien.
Sitting—Irene Wall, Thelma Sipe, Donna Huber, Flossie Zook, Helen Pettyjohn.

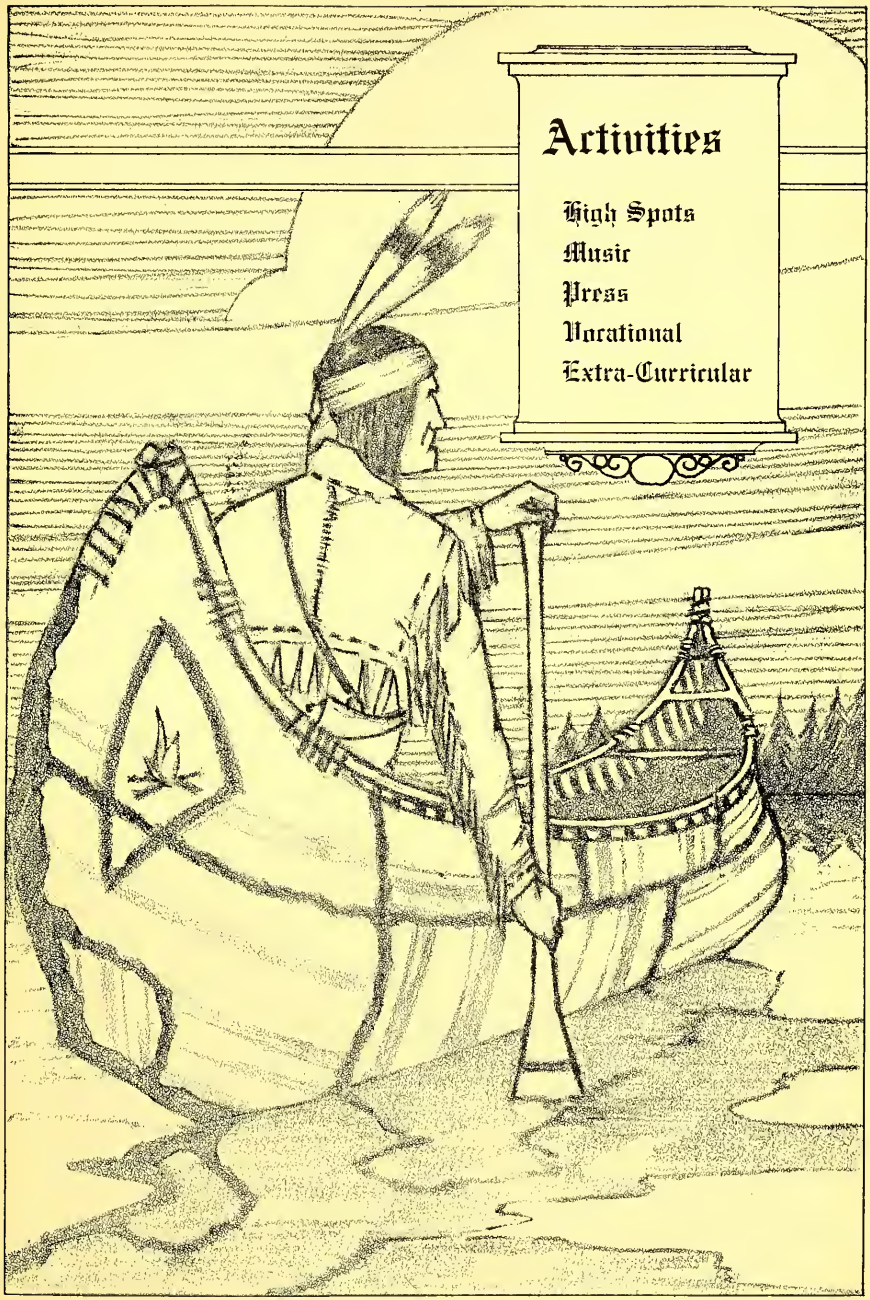

Green

GREEN township basketball girls started the year by losing to Spartanburg at Spartanburg. They gained two victories during the basketball season and both were played on their home floor. The girls will lose most of their team next year with the exception of three players. Although losing some of their very good players they expect to have a better and faster team next year. Those who played were: Catherine Craigmile, Lettie Mosier, Thelma Moyer, Pauline Anderson, Edna Hall, Crystal French, Inez St. John, Velma Driskell and Marceil Garringer.

Scores—Green 12, Spartanburg 16; Green 3, Jefferson 19; Green 13, Pennville 14; Green 17, Pennville 7; Green 4, Huntsville 39; Green 14, Portland 18; Green 14, Portland 18; Green 11, Huntsville 10.

Standing—Clatis Cantrall (Coach), Pauline Anderson, Edna Hall, Inez St. John, Mabel Gantz (Sponsor).
Sitting—Lettie Mosier, Crystal French, Catherine Craigmile, Thelma Mayer, Velma Driskill. Center—Wilma Summers.

School Consolidation

The map below represents the consolidation movement in Randolph county since 1900. There were originally 131 one-room schools located at the cross-roads and two miles apart. They are represented by the small, black squares in each township. The county reported sixteen of these schools as having an average daily attendance of five to ten, twelve as having ten to fifteen, and thirty-five as having fifteen to twenty. All were of the usual type of one-room schools, with poor equipment, poor buildings, etc.

A campaign was begun and all efforts were directed to better the rural schools, which necessitated the consolidation of the one-room schools. Opposition was in evidence but the movement was started in 1901. By 1920 only six of the 131 one-room schools remained. There are now nineteen consolidated schools and one one-room school. The circles in the map represent the consolidated high and grade schools and their location in the county. In each circle is shown the enrollment of the school in the 1926-'27 school year. The large square in the center represents the county seat, Winchester, and the office of the county superintendent. The approximate distance to each school is shown by mileage lines. The three squares represent consolidated grade schools. The heavy black lines represent township lines. The only one-room school in the county is in the extreme lower right-hand corner below the consolidated school, represented by a square.

All of these schools represent a personnel of approximately 4,200 pupils and 175 teachers.

Annual Board

THE 1927 Hoosier Pioneer is the second county year book published by the students and teachers of the twenty consolidated schools of Randolph county. The 1926 edition of the book represented the first attempt on the part of Randolph county to publish an annual. This edition was also the first project of its kind to make an appearance in Indiana. Prior to this time some counties of the state had issued hand books for the use of students and teachers. This year several counties have attempted to publish a similar book.

The new enterprise has received national recognition and as a consequence calls for copies of the book have been received from varied sources. Inquires considering problems of editing and management have come from school superintendents, annual staffs, printers, engravers, etc. One call came from a university which requested six copies for use in their Department of Education. The book was also given All-American rating by the Inter-scholastic Press Association in their national contest at the University of Wisconsin.

The principals' association elected the same Board of Publication to edit the 1927 Hoosier Pioneer. Those who were elected to serve again were J. R. Clark, Jesse M. Hansell, Lester Munzenmayer, Forest Noffsinger, and George Ostheimer. The couty superintendent is ex-officio member of the board.

Top Row—George Ostheimer, Lester Munzenmayer, Forest Noffsinger.
Second Row—Russell Warren, J. Russell Clark, Jesse M. Hansell.

Annual Staff

THE Hoosier Pioneer is a product of the schools of Randolph county. With this object before it, all schools were called on for their contribution to the enterprise. In each school the principal appointed an editor and business manager, who were in turn responsible to the editor-in-chief and Board of Publication. The students whose pictures appear below were selected to direct the work of annual editing and management in their own schools. These students had their pictures taken at the first meeting of the staff in Winchester in November.

The editors collect and revise copy for the editor-in-chief. They have worked faithfully at their assignments and are responsible for the text of this book. The business managers have also given generously of their time to make a financial success of the publication. The business managers have taken care of sales campaigns, subscription lists, advertising copy, photography sales and annual sales. Regular meetings were held to enable staff members to gain experience in the details of making an annual. In every meeting a real school spirit was manifest regardless of the fact that all were lacking in experience.

The editors worked under the direction of George Ostheimer, editor-in-chief; the sales managers were responsible to Lester Munzenmayer, general sales manager, and advertising managers were responsible to Forest Noffsinger, general advertising manager. Likewise the student editors were responsible to their school principal.

Armistice Day Observed Thursday Morning at Wayne

Supt. Wisehart Speaks To Assembly.

"On Armistice Day we should think of the World War as a challenge to each and every one of us to maintain right from wrong and accomplish things better and on a larger scale than ever before," said Roy P. Wisehart in his address before the assembly the morning of Armistice Day.

Mr. Wisehart is the superintendent of the Union City schools. He was in service in the World War and therefore was able to tell us of the conditions on the battle front when the word of the signing of the armis-

High School Journalism

Colleges and universities have been publishing school papers for many years. The writer was connected with the first paper to be published at Franklin College more than forty years ago. So well established are the publications issued at the schools of higher learning, that many of the larger institutions are issuing dailies.

A few years ago secondary schools, and especially public high schools, began to pubish school papers. This movement became popular and educators recognized the educational benefits of such publications. This practice of having a school paper, now almost universal in city high schools, is rapidly spreading to the town and consolidated rural schools. Randolph county has not been behind in this movement and papers are now issued by the Saratoga school, the McKinley school, and a joint paper by the Wayne and Wilson schools of Wayne township. These papers are well edited and well patronized and are keenly appreciated by pupils and patrons.

So firmly established have the school papers become that those interested in the work have felt the need of an organized effort to improve it and the Indiana High School Press Association is the result. Annual meetings are held by this body for the discussion of ways and means of improving the school papers. It seems that this school activity has come to stay.

It may be inquired whether the school paper, as an educational adjunct, is worth the efforts and costs to produce it? The consensus of opinion of teachers, pupils and patrons is that the school paper, when well conducted, serves a useful purpose. It gives the teachers a medium of communication between the school and the community by which a healthy educational sentiment can be developed and maintained. The pupils, who are on the staff of the paper, get valuable experience in their work; so valuable indeed that many schools are giving credits for work done on the school paper.

Those who are on the editorial staff get valuable experience in their work in English. They learn how to treat the various items of news or the topics they are assigned; to discuss in an orderly manner; and to express themselves in simple and clear language. They learn that different topics require different styles of treatment. That is, they would not write up a school party in the same style as a basketball game. They also learn to estimate the news value of different passing events in giving space to each. They furthermore learn to punctuate, to capitalize, to spell and to paragraph.

Those who have charge of the business end of the paper learn many useful lessons in business. They learn how to meet business men in a business-like way in soliciting advertising; how to estimate costs of printing and how to do business with their publishers.

The school paper is of value to the school community in that it keeps the people in touch with what is going on in the school. The people are tremendously interested in their public schools and are anxious to know how the work is progressing. Keep them informed and they will support the teachers and pay their school taxes cheerfully.

Vocational Agriculture

WHEN the vocational education law was enacted in 1913, Indiana was the fourth state in the Union to establish a state system of vocational education. The first vocational agriculture departments were started in Indiana during the school year of 1914-15. In that year there were less than ten such departments in all the high schools of our state. These agricultural classes are small in size as well as in number and very few boys received the training. In the years which have ensued since that small beginning the vocational agriculture departments in our high schools have grown in number and size until today we have almost one hundred and fifty with a total enrollment of thousands of boys.

The distinctive aim of vocational schools is to train boys and girls for suitable vocations. This does not imply that the vocational agricultural course is narrowly vocational, because under the state and federal laws the boy enrolled in such a class receives a well rounded course of study, ample time being provided for those general education subjects which promote health and develop intelligent citizenship. Nevertheless the fundamental purpose of a vocational agriculture department in the high school is to train the boys to be practical, intelligent farmers, capable of putting to everyday use the principles of science which are applicable to agriculture. The steady and rapid increase of the agricultural departments in the high schools of the state during the last dozen years is perhaps the best proof that such instruction is meeting the requirments of the farmer and is fulfilling a real need of our rural high school boys.

Randolph County has been in the past one of the leading counties of the state in all things pertaining to grade and high schools. With this enviable reputation to uphold it is indeed unfortunate that she has been so backward in adopting vocational agriculture as a part of her wonderful consolidated high school system. This slowness may be due to any number of causes but be that as it may the promising fact remains, that two vocational agriculture departments were established in the county during the school year of 1926-27, Jackson and Wayne townships each started a part time agriculture class and with this beginning it is to be hoped that the work will prove its worth as it has in all other parts of the state and Randolph County will again take her place as a leader. The schools of the county are largely maintained by agriculture, largely attended by boys and girls from the farm, the greater percentage of them return to the farm, and it is both logical and just that the school curriculum should deal with the business of the people whom it serves.

WILLIAM HERSCHELL

William Herschell, commonly known as "Bill," spoke before the students and teachers of Randolph county on two different occasions last year. Since 1902 he has been a feature writer for the Indianapolis News, and his poems and writings on various subjects have earned him the title, "The Hoosier Poet." During the war, Mr. Herschell's patriotic poems made him an international name. In 1917 he was given an A. M. degree by Wabash college on the strength of his poems. His famous "Long Boy," "Meet the Folks," "The Kid Has Gone to the Colors," "Howdy All," etc., are the most widely read. Mr. Herschell began his newspaper career in 1896 at Princeton, Indiana, and remained there until his connection with the Indianapolis News.

Ain't God Good to Indiana?

Ain't God good to Indiana?
 Folks, a feller never knows
Just how close he is to Eden
 Till, sometime, he ups an' goes
Seekin' fairer, greener pastures
 Than he has right here at home,
Where there's sunshine in th' clover
 An' there's honey in th' comb;
Where th' ripples on th' river
 Kind o' chuckles as they flow;
Ain't God good to Indiana?
 Ain't He, fellers? Ain't He, though?

Ain't God good to Indiana?
 Seems to me He has a way
Gittin' me all out of humor
 Just to see how long I'll stay
When I git th' gypsy-feelin'
 That I'd like to find a spot
Where th' clouds ain't quite so restless,
 Or th' sun don't shine as hot.
But I don't git far, I'll tell you,
 Till I'm whirp'rin' hoft an' low:
Ain't God good to Indiana?
 Ain't He, fellers? Ain't He, though?

Ain't God good to Indiana?
 Other spots may look as fair,
But they lack th' soothin' somethin'
 In the Hoosier sky an' air.
They don't have that snug-up feelin'
 Like a mother gives a child:
They don't soothe you' soul an' body,
 With their breezes soft an' mild.
They don't know the joy of Heaven
 Have their birthplace here below;
Ain't God good to Indiana?
 Ain't He, fellers? Ain't He, though?

Health Education

HARLIE GARVER

Harlie Garver, who has been principal of the Union City high school since 1920, was elected to the legislative body of the Indiana High School Athletic Association in 1925 and was appointed chairman of the Committee on Health Data. Mr. Garver received his B. S. degree from Hiram College and his A. M. from Columbia University. From 1914-16 he received vocational training in the Carnegie Institute of Technology and served as a teacher in the Schwab Industrial School, Homestead, Pa. He also served as teacher of vocational work in the schools of Hastings, Nebraska. Mr. Garver has been a contributor to Popular Mechanics, Hygeia, School Progress and the Industrial Arts Magazine.

GOOD health implies soundness of body, mind and soul. In its fuller and broader sense, modern competetive athletics does much to help us reach this goal of good health.

The "Game" element is the outstanding characteristic of present day athletics. According to definition, the word "athlete" originated in a Greek term applied to one who engages in a physical contest for a prize which consisted chiefly of public acclaim and not immediate physical development, so today we find that the "desire to win" comes first. In fact it can almost be declared that unless there is that desire, much of the good of the game will be lost. No one takes the Daily Dozen seriously, because it is a purely mechanical process. One can go on a hike by pacing to and fro in his room, but how much fun would that be? Therein lies the secret of lasting good in athletics.

In the same sense we hear much to the effect that it is only the athletes who benefit, while the fans, who constitute the greater number, sit by in idleness. But when we consider the by-products, "Spectatoritis" lacks only the actual physical exercise. The true fan "plays the game" along with the team, and from that standpoint profits almost as much.

That athletics furnish the best basis for all-round physical development needs no proof. Our only question relates to the danger of overdoing. In practically all studies in recent years there has been no conclusive evidence that athletics, unless carried to the extreme, is harmful in any sense. There is a question, however, of the advisability of carrying such games as basketball to the extreme of three games in one day. This can do no added good, and it may result in permanent injury. We must keep awake to these dangers, but it is gratifying to note that in this State, at least, we are seeking an intelligent answer to the question.

That athletics contributes to clear, rapid thinking is shown in all modern games. The player who can recover a fumble and work his way through a broken field for a touchdown has learned to think and ack quickly and accurately.

Just as the body and mind are benefitted, so are moral fibre and character developed by games. Sooner or later, the successful athlete learns to "Play the Game." He must abide by the rules, and play as a team member as well as an individual. Day after day he must be schooled in self-denial. Some athletes train for years to win a single race. It takes real courage to do this.

DEMOSTHENES SPEAKS TO THE WAVES

The Parent-Teacher Movement

THE Indiana Parent-Teachers Association was organized October 30, 1919. On April 1, 1924, there were 362 local associations affiliated with the State Association with 15,834 paid members. This is a gain of nineteen associations and 534 members over the previous year. Sixty-three charters have been issued to local associations by the State Association during the year.

The Association has the following departments of work: child psychology, humane education, home education, visual education, rural schools, child welfare day, pre-school literature, high school activities, home economics, literature, recreation, conservation, rural life, ways and means, school attendance, better films, health, press and publicity, education and city councils.

The Constitution of the Association says: "The object of this organization shoud be to unify and strengthen each force represented in the individual organization of which it is composed. It shall act as a bureau of information and shall help organizations which are working in the interest of better homes, better schools and the Welfare of the Children of our State. It shall co-operate with educators and legislators in securing better laws for the mental, moral and physical development of the child, and for better schools, better paid teachers and the widest possible use of the public buildings to the end that good citizenship may be secured to the Youth of our State and the nation safeguarded."

Many worthwhile things have been accomplished by the various Parent-Teacher Associations over the county. Schools have been helped financially, school grounds have been beautified, co-operation of business against sale of cigarettes has been insured and adult night schools have been established in some parts of the State. The home and school, the two greatest factors in education of the child, are being brought closer together in order to work in greater sympathy. Parents have an opportunity to learn more about school needs, school laws and the course of study. Misunderstanding is often the result of ignorance. Teachers are doing more effective work with the pupils since they have a knowledge of their environment. Loyalty to the school on the part of the child is the result of home understanding. A regular day for Parent-Teacher meetings at the school house gives both teachers and parents an opportunity to meet and discuss their mutual problems. Since the support of the patrons has been secured, school improvements are more easily secured. The Parent-Teacher meeting affords an opportunity for the study of conditions affecting the welfare of the child. The community is aroused to a sense of its responsibility and this leads to a united effort for general betterment of the schools.

The cheerful man carries with him perpetually, in his presence and personality, an influence that acts upon others as summer warmth on the fields and forests. It wakes up and calls out the best that is in them.—*J. R. Miller.*

To the People of Randolph County

Our sincere hope is that the business men of Randolph County, who have helped to make this publication a success, may receive many times the value of their advertisement in increased sales and volume of business during the years to come.

And may those, who have read thus far in this book continue through the following pages, to be able to show their appreciation to those men of business who have the welfare of the schools of Randolph County at heart.

TRUSTEE CLASSIFICATION

The following table sets out the salaries of township trustees, and the maximum appropriations that may be made by the advisory board for clerk hire, office rent and expense in each class of townships all as provided for by the Acts of 1917:

Class	Salary	Clerical	Rent	Expense
1	$3,000.00	$5,000.00	$700.00	$700.00
2	2,000.00	1,500.00	360.00	500.00
3	1,800.00	720.00	300.00	400.00
4	1,500.00	500.00	240.00	300.00
5	1,200.00	360.00	180.00	259.00
6	1,000.00	150.00	150.00	200.00

HANOVER COLLEGE

8	720.00		90.00	150.00
9	600.00		60.00	125.00
10	450.00		60.00	100.00

All such trustees may use their own conveyances and charge a reasonable amount therefor as a part of their respective expense accounts. In addition to the compensation herein provided for township trustees, they shall each receive an amount equal to fifty cents (50c) for each mile of public ditches constructed, cleaned or repaired under the supervision of such trustees, each year. Trustees of classes 9 and 10 may rent offices in their residences.

GOOD SEEDS MAKE GOOD GARDENS

The services of our Company are again offered to the schools of Randolph county and their surrounding communities.

The primary interest of parents is to properly educate their children and by so doing they build a valuable asset for the community and at the same time establish a principle for future generations to follow.

The four essential powers of children are the Head, Heart, Hand and Health. These must be developed if the dreams of the parents are to be realized.

To properly develop these powers there must be Institutions well equipped and with attractive surroundings.

The Home or School Garden is one important link in the chain of educational necessities, and to have this Garden a success and an encouragement, quality seeds must be placed in the hands of the pupils. "Good Seeds Make Good Gardens." We have GOOD SEEDS — tested, always fresh and of the highest quality it is possible to obtain.

Hear about our plan from our representative or write us for details.

Good Seed Company, Inc., Fredonia, N. Y.

GENERAL CONTRACTORS

BUILDERS OF THE NEW SARATOGA SCHOOL BUILDING

UNION CITY, INDIANA

In the school year of 1865 the twelve district school teachers of Wayne Township drew a combined salary of $1,617.00.

The first school in Union City was taught by Miss Mary Ensinger in the fall of 1853.

The first land entry in Randolph County was made by Jeremiah Moffett in Wayne Township northwest of Harrisville in 1812.

The first school in Wayne Township was in the Jericho settlement among the Friends in 1822 or 1823. Mariam Hill taught the school in the Friends Meeting House with twenty or twenty-five pupils.

The only private school in Randolph County is a Catholic school in Union City.

The early Jericho settlers came from Randolph County, North Carolina from 1800 to 1818.

Get Acquainted Before the Need Comes

A Banker is something like a doctor, he will do his best whenever you call on him, but he can do a great deal better if you get acquainted with him when you are well, instead of waiting until you get sick.

Sometimes you will want to make use of the facilities of this BANK.

Don't wait until right up to the time. Come in NOW. Start an ACCOUNT if only a small one. Establish your CREDIT.

Then it will be easier to handle something IMPORTANT when it comes along. We invite your patronage.

A WEEK

making crowns, bridges, plates, etc. for dentists. Easy, pleasant work. Be your own boss. We prepare you in a few months to run a business of your own.

EARN While You LEARN

Day students make all or part cost of course by part-time night work. Right students can find jobs "to see them thru." We'll Help You!

FREE R. R. FARE

This Dental Laboratory Expert Earns up to $20 a Day

What's the use of training for the old, over-crowded trades? If you're going to prepare for big-salaried jobs or a profitable business of your own GET INTO THE FASTEST GROWING PROFESSION "Laboratory Dentistry." Biggest opportunity for success because there are more jobs than there are experts to fill them.

WE HELP YOU OPEN A LABORATORY

Many of our graduates open laboratories of their own. To encourage more men to go into this wonderful profession, we will help you find a good location for your Laboratory, and help you make a success of it. Write for complete information on how you can find yourself in a profitable business of your own after you become a Dental Laboratory Expert.

INTERESTING BOOK FREE

Right this minute there are many openings for Dental Laboratory Experts in locations where they can do business of $5,000 to $20,000 a year. But you can't cash in, take advantage of these opportunities until you're trained. Catalog tells you how quickly and easily you can get ready how others have succeeded! Tells you how you learn in a few months BY DOING ACTUAL LABORATORY JOBS in the world's greatest Dental Laboratory Schools. Brings you FREE R. R. Fare offer and other big inducements. Write for free book today!

FREE BOOK! MAIL THIS

McCarrie School of Mechanical Dentistry
1338 S. Michigan Ave., Dept. H. P. 10, Chicago, Ill.

Without obligation, please send me your free **R. R. fare offer** and free Book with complete information about how I may become a Mechanical Dentist. How you will help me open a Laboratory, how you will help me find a job while I take my training, etc.

Our Ice Box is Well Supplied

If you could step into the dry, bracing cold of our big refrigerator you would see hanging there nothing but the choicest cuts of meat to be had. No matter how long they hang there they remain sweet, tender, juicy and wholesome. But they don't stay there long. Come here for your wholesale orders.
